

UNITED by MUSIC

NEWSLETTER AUGUST 2009 - TOUR SPECIAL 2

Successful start in Dublin

United by Music has made a successful impression during the 10th world congress Down Syndrome. We worked three days very hard to show the visitors of the congress the meaning of United by Music.

The visitors visited our stand and we gave workshops and finally we gave a great performance. About 1000 people visited the congress.

Sujeet Desai is amazing

Sujeet Desai from Cleveland (USA) flew over to Dublin to perform with the band of Candy Kane. Sujeet plays a lot of instruments and he is a musical rounder. During the congress he played violin, clarinet, saxophone and piano. He played "Amazing Grace" on his violin while Candy Kane and Dani Wilde were singing. This performance was a treat. Sujeet (www.sujeet.com) is a real hero within the world of Down Syndrome. The cooperation with the artist of United by Music and Candy Kane was really amazing and heartwarming. This guest appearance will certainly continue.

"My dream is to be on a stage"

This was a pronunciation of a girl from Australia, she visited three workshops of United by Music. During the workshops we explained what is the meaning of United by Music for Arthur, Jo Anne, Danitsa, Monica and Cor. Sujeet Desai played in between his instruments. While Sue Palmer played the piano Candy Kane was singing and explained the meaning of the blues.

The visitors were active concerned and asked questions to the artists. Everyone told his or her own experience with music. All workshops were visited crowded.

Finally the workshop ended with a great final... everyone was singing and dancing with the song of United by Music.

Hayley Rehbock from Cape Town

Last year we had the lovely young woman from Cape Town. Hayley opened the world congress of IASSID last year in Cape Town. After she saw United by Music she became a great fan and ambassador of United by Music. She travelled to Dublin and together with Candy Kane and Dani Wilde she did the presentation of our show. Hayley is also a great dancer, which we did not know! She danced on the song of J.A. Grace Mess Around, it was amazing.
